

Pressure Reduction Mattresses

Patient comfort is critical in long-term care facilities. A good mattress can ensure long-lasting comfort. That's why *Athena Healthcare Products Inc.* is proud to offer 4 incredibly comfortable mattresses that also help mitigate bed sores.

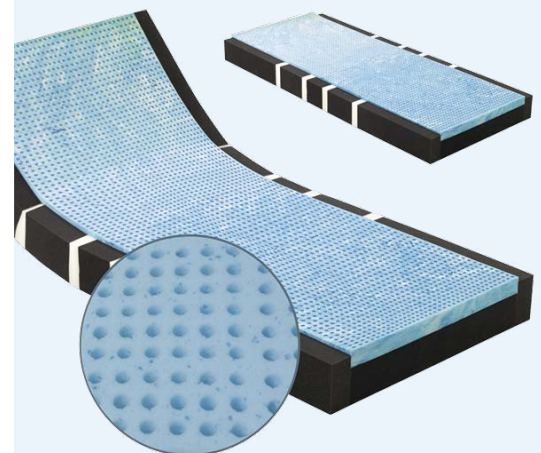

Mattress Protection

Protecting mattresses is key to ensuring their longevity. Each mattress comes with a cover designed to stand up to life in a long-term care facility.

- 4-way stretch material for a secure fit
- Anti-microbial (Smart Silver)
- Anti-fungal
- Fire retardant

Elite Mattress

- Multi-zoned, ultra cell foam construction provides optimal pressure re-distribution and anatomical support for moderate to high-risk patients.
- Gel-infused visco-elastic foam topper enhances patient comfort, improves air circulation, helps minimize skin shear, and reduces heat build up.
- Firm perimeter foam provides edge support for safe ingress and egress.
- Strategically placed articulation cuts to enhance comfort and promote longevity.
- Head-to-foot reversibility helps extend life of the mattress.

Supreme Mattress

- Multi-zoned superior-quality ultra cell high density foam provides maximum support and pressure redistribution.
- Box convolute ultra cell topper provides air circulation and reduces skin shear for patients at risk of skin breakdown.
- Visco-elastic foam in head and heel zones adds comfort and contours to those specific body parts.
- Firm perimeter foam provides edge support for safe ingress and egress.
- Head-to-foot reversibility helps to extend life of mattress.
- Strategically placed articulation cuts to enhance comfort and promote longevity.

Plus Mattress

- High quality dual core design provides comfort, durability and delivers excellent pressure re-distribution.
- Soft ultra cell top layer maximizes comfort and reduces pressure points.
- Firm perimeter foam provides edge support for safe ingress and egress.
- Head-to-foot reversibility helps to extend life of mattress.

Light Mattress

- Comfortable & affordable solution for a pressure reduction foam mattress.

Equip your facility with the most comfortable and durable pressure reducing mattresses.
